

## **John Marman**

I was born and raised in Eastern Montana. I did my under graduate studies at the University of Nebraska and my graduate work and Masters at the University of Arizona. My wife Madonna and I have three children together. All three children attended the College of the Desert, and then went on to four year institutions. In 2002 after 33 years as an Athletic Director, I retired and continued my dedication to community service and education.

I have chaired many committees and organizations over the years. I was formerly the President of the Rotary Club, Chairman of the Board for the College of the Desert Alumni, and Co-Chaired on the Palm Desert Sister City Board. I have been a Riverside County Fair Board Member for five years and proudly represent and encourage education.
