

Randy Young is the newest appointed Riverside County Fair & National Date Festival Fair Advisory Board member. He represents the agriculture category for the second supervisorial district.

Young has strong leadership skills, extensive experience, and a proven track record of community service in the Coachella Valley and Riverside area. Young has served in many capacities that include being President of the Glen Avon Comancheros Horse Riding Club for the past 10 years and President of Rubidoux High School's Future Farmers of America (FFA) Booster Program.

Young has been with the California Highway Patrol (CHP) for over 27 years, serving in many different fields. From training new CHP officers to educating our young people, Young has a commitment to service. Young wants to bring his knowledge and experiences to the Fair Board and hopes to work closely with fellow members in continuing to produce a record-breaking and fun family Fair.

Young is a long-time Riverside County resident who was born in Indio, CA. and can remember the fun and laughter during his visits to the Fair as a child. "I can think back to the costume traditions and the Presidents' Day Parade with the hundreds of children and families lining the streets to capture a glimpse of the many marching bands and floats."
