

Shirley Maddox

I am appointed to the Riverside County Fair & National Date Festival Board by Riverside County Supervisor, 3rd District, Jeff Stone. I am a certified Poultry Health Inspector for California Department of Food & Agriculture. I have also worked with the FFA and the Riverside County Fair & National Date Festival Since the 1960's. For many years now I have been an event coordinator specializing in media, entertainment, sponsorships, and community relations. My family resides on a farm in Hemet. We enjoy being involved in the agriculture and livestock industries.
